DREW CONRAD AT FITZROY GALLERY, NEW YORK

One view of DREW CONRAD'S decayed and glamorous structures as part of his new exhibition *Ain't Dead Yet* at *Fitzroy Gallery*. Conrad's fragmented materials suggest the continuing narrative of objects as they appear in different forms and constructs. On view through January 20th 2013 at *Fitzroy Gallery*, 195 Chrystie Street, New York. *Photo and text Juliana Balestin*
